

# After Hour Care

Workforce Health works closely with the urgent cares and emergency rooms for the Porter Regional, La Porte and Starke Hospital systems; and in many cases they are familiar with your company and your protocols. If one of those facilities is convenient, we encourage you to use them for your after hour injury care. To facilitate care, supervisors should complete/send a Treatment Authorization form with the injured employee. All follow-up care can be provided at one of our convenient Workforce Health clinics.

## 9 CONVENIENT LOCATIONS FOR AFTER HOUR CARE
